

Clouds, Too Cool

You can buy me for a dollar
Gimme two, I'll make you holler
But I'm too cool to fall down
Yeah, too cool to fall down

When you buy me, take me home
Spin me round over the water
Too cool to fall down
Yeah, too cool to fall down

When it's over, think about me
Tell your friends, I bet they talk about me
Well, I'm too cool to fall down
Yeah, too cool to fall down.
