Club Buffalo, The Funny Thing Is

The Buffalo Club The Funny Thing Is written by John Dittrich **Rick Bowles** lead vocals/acoustic guitar Ron Hemby John Dittrich drums/vocals Charlie Kelly guitar/vocals D Most of my nights these days I hate myself Letting you walk out of my life Haunted by knowing that I could have made you stay Asus A I had to save my foolish pride Em I watched you go Said life goes on Asus This ache in my heart proves me wrong The funny things is I'd get down on my knees To beg you forgiveness And Have you back with me The funny thing is G Bm And what's so sad it took losing you to see what I had Wish I had a dime for everything I wish I said Every little things I wish I'd done It's like a bad dream admitting where I went wrong Asus A One that I never wake up from And every tear I watched you cry Asus Was the chance I had to make it right The funny things is I'd get down on my knees To beg you forgiveness And Have you back with me The funny thing is And what's so sad it took losing you to see what I had **SOLO** The funny things is
