

# Clubbazz, My Love Your Love

This is my love...  
You came into my life  
And made me complete  
Each time I see you  
My heart keeps a beat  
For you are the one and  
God send me from above  
the angel I needed  
For who my true love  
Sing my love, my love  
is what you need  
My love, my love  
Is your heart beat  
My love, my love  
Is what you want  
My love, my love  
There's only you  
Your love, your love  
I what I need  
Your love, your love  
Is my heart beat  
Your love, your love  
Is what I need  
Your love, your love  
There's only me  
You came into my life  
And made me complete  
Each time I see you  
My heart keeps a beat  
For you are the one and  
God send me from above  
the angel I needed  
For who my true love  
Sing my love, my love  
is what you need  
My love, my love  
Is your heart beat  
My love, my love  
Is what you want  
My love, my love  
There's only you  
Your love, your love  
I what I need  
Your love, your love  
Is my heart beat  
Your love, your love  
Is what I need  
Your love, your love  
There's only me  
This is my love.... Go!
