

# Clutch, Passive Restraints

My father was Black, my mother was Decker  
Believe me my friend, it doesn't get any better  
Than rack and pinion reasoning, add a little seasoning  
Cook at ninety eight point six degrees

Let me be the bull, and you be the pen  
Such an easy way to glorify sin  
If I am a horse, you're a Venus in spurs  
Everything I have is yours, so take it

I come fully loaded with an option to buy  
I've got a stick shift disposition and a four wheel mind  
I'll give you endless mileage and unlimited speed  
Total satisfaction absolutely guaranteed

Turbo boost libido and passive restraints  
And as of yet I haven't heard even a single complaint  
I've got the tools of the trade and a fuel injected heart  
Efficiency is beautiful, efficiency is art
