Oh, so youre the man who comes to sweep my yard

The Yard Man

I like that broomstick youre carrying

Yes baby, I like it!

Work!

Oh yes baby, I like it what you do with my yard

You do work well

The Yard Man

I want you to take your broom, and sweep my yard

Youd better brush it good, or were gonna fall apart

Dont give me no shorcutting, you have all day and night

I have a satisfiser

Youd better do it right

Work!

What are you waiting for?

Put your back in it!

Just a little more,

Throw your waste in it now!

Tell your body again,

Walk it hard and long!

When you finish that,

Howd you go down town.

Go down x3

Come up x4

What you came to do,

Just remember that!

And dont pick my fruits,

You have put them back!

With that bedroom stick

Now youre even back,

Like you were a brick.

What are you waiting for?

Put your back in it!

Throw your waste in it now!

Howd you go down town.
