And that is somebody with me that that it has me in love
That the day have been passing and I didn't noticed,
That she haven't keep away my dreams and that ours is oforgotten.

Chorus:

Tell her that I'm very well, that I never have been better,
If she thinks that I maybe die because she is gone, whatever,
Tell her that at the end of everything I'm gona thank you,
Although think it well tell her better that you don't see me anymore.

If you see her, tell her that I did not wait for her call,
And that I don't wake up in total dawn
