

Coal Chamber, Babbit (Demo Version)

Hey deeper in the moment, come with me
This moment is right for mayday
Narcissm will conquer destruction
Waiting and waiting for that rough stake

Don't daddle young babbit in the forefront
Peace ain't easy as a turtle dove

Great from the in of the bad goes
Has this place been told the idea?
Close and gloze, my superstition
Our indignant to rule the backslider

Don't daddle young babbit in the forefront

Peace ain't easy as a turtle dove

Hey deeper in the moment, come with me
This moment is right for mayday
Narcissm will conquer destruction
Laying and waiting for that rough stake

Don't daddle young babbit in the forefront
Peace ain't easy as a turtle dove
Don't daddle young babbit
Don't daddle young babbit
Don't daddle young babbit in the forefront
Don't daddle young babbit in the forefront
Peace ain't easy as a turtle dove
