

# Coals, pearls

I feel it in my...in my bones  
we won't be sad, sad again  
italo lolo  
flying solo  
crazy moves  
on tv show

I feel it in my...in my bones  
we won't be sad, sad again  
italo lolo  
flying solo  
crazy moves  
on tv show

looking for the game  
running from the fame  
funny games, silly days,  
bloody hearts, steely gaze  
reset your mind,  
leave you behind  
water gun, honey bun  
everybody's on the run

keep away from me  
keep away from me  
keep away from me  
keep away from me

I only wanna feel my life  
my life, my life, my life

boiling boiling away  
forever and a day, yeah

I feel it in my... in my bones  
we won't be sad, sad again  
italo lolo  
flying solo  
crazy moves  
on tv show

I feel it in my... in my bones  
we won't be sad, sad again  
italo lolo  
flying solo  
crazy moves  
on tv show

my pain, my brain,  
my facial vein  
my ball and chain  
my mental strain

I can't help it  
I can't help it  
I can't help it  
I can't help it

boiling, boiling away  
forever and a day, yeah

I feel it in my... in my bones  
we won't be sad, sad again  
italo lolo

on tv show

looking for the sun  
looking for fun  
water gun, honey bun  
everybody's on the run  
reset your mind,  
leave you behind  
water gun, honey bun  
everybody's on the run

keep away from me  
what a bad luck, bad luck  
hideaway  
volcano blows up, blows up

boiling, boiling away  
forever and a day

my pain, my brain,  
my facial vein  
my ball and chain  
my mental strain  
my mental strain
