go on believe, if it turns you on.

take what you need 'til your body is numb.

prostitution, is revolution.

you can hate me, after you pay me.

my submission, is your addiction.

so just get out while you can.

if you need me, i'm your man.

oh, no, we, don't care!

go on believe, if it turns you on.

take what you need 'til your body is numb.

prostitution, is revolution.

you can hate me, after you pay me.

my submission, is your addiction.

so just get out while you can
