Cobra Starship, Send My Love To The Dancefloo

Let it go

There's no way you can save it now

Get back, you know that this city is burning

So the story goes

It makes you wonder

'Cause if we're trapped and we're never

Gonna find a way out,

Get out

We're gonna dance now

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna bury this town tonight

We're gonna dance tonight

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna dance tonight

Dance tonight

I let you go

And I'm still waiting for you to find

There's nothing more

That this time that is right now

So the story goes

It makes you wonder

'Cause time is up

And you're never gonna get another

Chance now

You've gotta dance now

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna bury this town tonight

We're gonna dance tonight

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna dance tonight

Dance tonight

Let it go,

The game is done

The camera's off

It can't be hard

Let it go,

The game is done

Camera's off

It can't be too hard

To fake it now

Gotta fake it now

Let it go,

There's no way you can change me now.

Get back, you know

I don't need you to save me

So the story goes

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna bury this town tonight

We're gonna dance tonight

Hey Mr. DJ

You gotta put a record on, yeah

We're gonna dance tonight

Dance tonight
