

# Cock Sparrer, Chip On My Shoulder (Live)

Well the country's burned down look at it smoulder  
I wanna live for today don't wanna get any older  
You can't show us nothing we don't wanna be shown  
Don't wanna end up digging holes in the road

Everywhere we go they shout you got a chip on your shoulder  
A chip on your shoulder

I'm gonna shout gonna scream don't wanna job too soon  
I wanna fight on a Saturday afternoon  
Runnin' riot might as well  
Me little brother gone and joined the T.C.L.

We don't need none of your aggravation  
The kids need more than masturbation  
You can't show us nothing we don't wanna be shown  
Don't wanna end up digging holes in the road
