

# Cock Sparrer, Droogs Don't Run

Droogs don't run

Droogs don't run

If you're in any trouble, you know we'll be right there

Droogs don't run

We don't take no shit from no one, we'll fight 'em anywhere

Droogs don't run

Just remember who your friends are, if you wanna keep breathing air

Droogs don't run

Your droogie is your brother, someone you can trust

Droogs don't run

He comes before your mother, he comes before your lust

Droogs don't run

We gotta stick together, this town belongs to us

Droogs don't run

(Solo)

Droogs don't run

Droogs don't run

(Drums...)

If you're in any trouble, you know we'll be right there

Droogs don't run

We don't take no shit from no one, we'll fight 'em anywhere

Droogs don't run

Just remember who your friends are, if you wanna keep breathing air

Droogs don't run

(Guitar Fill)

Droogs don't run

Droogs don't run

Droogs don't run

Droogs don't run
