

# Cock Sparrer, Strip

When I met you, you were on your own  
No looks, no class, no money  
Well, I took you in and I tried to help  
I gave you everything I had

Must've known I want something in return  
You say you don't know how to repay me  
Well, the time has come for you to learn  
The time has come for you to learn

Strip! (Strip!)  
But make it quick
