

# Cockney Rejects, Join The Rejects

Here comes the new punk

Do you remember 1977  
Daddy of the gang said  
that you'll go to heaven  
every word a lie and none the truth  
so here's a message for today's youth

Join the Rejects and get yourself killed

I wanna go back to where it all began  
I wanna do a gig in my back garden  
wanna have a laugh before the press get in  
if you give 'em half a chance  
they'll kill the fucking thing
