

Cockney Rejects, Urban Guerilla

People say I'm crazy
But I love what I do
I don't care who I maim or hurt
As long as I see it through
Hear the sound of the guns
Fire at someone
Listen to them run from me
Just an urban guerilla
Looking for some fun
And I'm gonna kill someone
Walking through the jungle
In my army greens
I'm looking for enemy
Some folk call it anarchy
I just call it fun
Don't give a fuck about the law
I wanna kill someone
