

CoCo Lee, Do You Want My Love

Do you want my love
Can you make me sweat
Do you want it bad enough to make it soakin' wet
Do you want my love
Show me just how much
Tell me baby
Do you, do you want my love

Baby if you took my love
Would you make the best
Of every moment if it takes all night
Baby would you like to spend the hours
Freakin' to the mornin' light

Love just comes if you let it
I'll be here to satisfy you
You look so good I can't deny
If you're up to it come and get it
If you're ready baby, give it up
Boy it's time to show me, show me how much

Do you want my love
Can you make me sweat
Do you want it bad enough to make it soakin' wet
Do you want my love
Show me just how much
Tell me baby
Do you, do you want my love

Can you handle my desires
Can you tell me what I'm thinking baby
Can you read my mind
Baby will you go the extra mile
Will you vow to hold me tight
'Til we're right
Turn me on and on and on and on

Love just comes if you let it
I'll be here to satisfy you
You look so good I can't deny
If you're up to it come and get it
Are you ready baby, give it up
Boy it's time to show me, show me how much

Do you want my love
Can you make me sweat
Do you want it bad enough to make it soakin' wet
Do you want my love
Show me just how much
Tell me baby
Do you, do you want my love

My love, my love, my love
Tell me do you want it
Tell me do you need it
Tell me do you want it
