

# Code Red, Is There Someone Out There?

(Yeah...)  
Sitting by the phone  
But it's not ringing  
Nobody cares  
Who am I kiddin'  
But I've still got hope (yeah)

See all of my life I've been searching  
For a girl to end this yearning  
Come now and fulfil my dreams

Maybe 'cos I feel so alone  
I ain't got a love to call my own  
So I just want to know

Chorus  
Is there someone out there?  
Someone who cares for me?  
Someone through the good and bad times too  
Is there someone out there?  
Is it you? (x2)

If you're there and if you're listening  
If you're the girl that I'll be missing  
Then just make your move  
Show me, thrill me, don't waste time just tell me, yeah  
'Cos you've got nothin' to lose

Don't you know I dreamed of you girl,  
The scent of your hair, strawberry lips  
Even the perfume you wear

Chorus

Could you be the light of my life  
The girl of my dreams  
Could this be love and what does love mean?  
(Is it you?)  
Though nothing's for sure, we might find romance  
If you were someone special, then let's take our chance...

Chorus

Sitting by the phone  
But it's not ringing (is it you?)  
Nobody cares  
Who am I kidding (is it you?)
