

Cody Simpson, Be The One

Look Around
You should be
Should be dancing
Dance with me
Bottom line, we're wastin time
So Ima say what's on my mind
I just want you to know
That you're so so beautiful

Baby I just ant to be with you
I don't care if nobody approves
Tell me what I gotta do
To prove tonight
I might be the one, girl

Though we're caught in the moment
The moment you know
That you want me to own it
To own it, let's go
And I need you to know
That you're so so beautiful

Baby I just ant to be with you
I don't care if nobody approves
Tell me what I gotta do
To prove tonight
I might be the one, girl
/2x

Don't over-think it
We don't have to leave yet
We're just havin fun
What could go wrong
There aint no question about it
I'm sayin
It's you that I want

Baby I just ant to be with you
I don't care if nobody approves
Tell me what I gotta do
To prove tonight
I might be the one, girl
