

# Coko, Don't Take Your Love Away

[Rodney]

Darkchild 99, uh

You feel that? I like that

Coko, uh-huh

Bigga, uh, uh, check it out, come on

1 - [Coko]

Don't take your love away

And make me lonely

Cause I need you here with me

To make me happy

My heart belongs to you

You're my everything

And I love the joy you bring to me, baby

[Coko]

I think about all the times you're here with me

And when you come around, no one else can compete

Cause I love you so much, you're all that I need

And without you there's no me, so don't you leave

Yeah
