

Colbie Caillat, I'll Be Here (feat. Sheryl Crow)

Mm, mm, mm
Mm, mm, mm, mm

Low, when you're feelin' low
And you just don't know where to run to
And broke, if your heart's been broke
And you feel like you're all alone

If you need something to believe in
If you're lookin' for a light to guide you home
Just look inside, your light is shinin' brighter than you know
And you should know

I'm never gonna let you down, always gonna build you up
When you're feelin' lost, I will always find you, love
Never gonna walk away, always gonna have your back
And if nothin' else, you can always count on that
When you need me, I will be here
I'll be here, I'll be here, I'll be here

Ooh, ooh, ooh
Ooh, ooh, ooh, ooh, ooh

Laugh, I will make you laugh
If you ever feel like cryin'
Close, I will hold you close
You won't be alone anymore

If you need someone to believe in
If you're reachin' for a hand to guide you home
Just take my hand and I won't let you go
'Cause you should know

I'm never gonna let you down, always gonna build you up
When you're feelin' lost, I will always find you, love
Never gonna walk away, always gonna have your back
And if nothin' else, you can always count on that
When you need me, I will be here
I'll be here, I'll be here, I'll be here
I'll be here, I'll be here, I'll be here

If you need something to believe in
If you feel you've reached the end of the road
Don't be afraid, I'll always guide you home
You should know

I'm never gonna let you down, I'm always gonna build you up
When you're feelin' lost, I will always find you, love
I'm never gonna walk away, always gonna have your back
And if nothin' else, you can always count on that
When you need me, I will be here
I'll be here, I'll be here, I'll be here, I'll be here, I'll be here, I'll be here, ooh
I'll be here, I'll be here, I'll be here, I'll be here, I'll be here, oh
