

Colby O'Donis, Second Glance

[Chorus:]

I had to try make you my girl
'til you told me not to
Cause I might lose you from my
World but

I didn't wanna lose a chance
With a second glance, we'll be
More than friends and then it'll
Be just...

I had to try make you my girl
'til you told me not to
Cause I might lose you from my
World but

[Chorus:]

I didn't wanna lose a chance
With a second glance, we'll be
More than friends and then it'll
Be just you and me.

[music]

Girl, I had to try make you my girl
'til you told me not to
Cause I might lose you from my
World but

[Chorus:]

I didn't wanna lose a chance
With a second glance, we'll be
More than friends and then it'll
Be just...

I had to try make you my girl
'til you told me not to
Cause I might lose you from my
World but

[Chorus:]

I didn't wanna lose a chance
With a second glance, we'll be
More than friends and then it'll
Be just you and me.
