

Colby O'Donis, Tell Me This

[Intro:]

Hey

My name's Colby

I know this is kinda out there

But I been staring at you

From across the room

And can I talk to you for a second

(Konvict) I've been thinking

[Verse 1:]

Baby, you could do better

Better than the average joe

The question is

Do you wanna

If you've heard this

All before

You gotta be tired of

The same things

The same old tunes

The same old games

[Pre-Chorus:]

Girl, I know you

Searching for the right type

Of guy

I can be

Be that guy

But I wanna

Take my time with you

No rushing

(No rushing)

Take my time with you

So I'll start by asking you to

[Chorus:]

Tell me this

Girl, what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you

Tell me this

Girl what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you

[Verse 2:]

Wanna take ya to dinner

Because it's a sat

You've never been

I'll buy a dozen roses

And put a diamond on

Your hand

I'll take you on the road

To all my shows

Girl, it won't be the same

'Cause I'm a change the game

[Pre-Chorus:]

Girl, I know you

Searching for the right type

Of guy

I can be

Be that guy

But I wanna

Take my time with you

No rushing

(No rushing)

Take my time with you

So I'll start by asking you to

[Chorus:]

Tell me this

Girl, what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you

Tell me this

Girl what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you

Tell me this

Girl, what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you

Tell me this

Girl what's ya name

And I'll tell ya that

Girl, ya look so good

Tell me this

Can I get ya number

'Cause I really wanna

Talk to you

Wanna get to know you

I just can't stop

Thinking about you
