

# Cold, Tell Me Why

I could see her fall from grace  
Like a movie star to old to change her life  
With a bottle by her head  
Every night she went away  
I would pray for someone else to change her life  
If she wouldnt change for me

Tell me why. please tell me why. you stole my life

Tired of hearing the same old song  
Everytime you came back frozen deep inside  
Was it my love that you feared  
I was a misfit all the way  
Never there to help me grow and change my life  
Then you smiled and walked away

All the lil things she said to me  
Were broken thoughts and tainted dreams  
If she cant take these memories  
It doesnt change a thing  
Every lil word she said to me  
That broke my heart and stayed with me  
I wish that she could hear me scream  
She never changed a thing

This cant go on!
