Coldplay, Amazing Day

Sat on a roof Named every star Shed every bruise and Showed every scar

Sat on a roof Your hand in mine, singing "Life has a beautiful, crazy design" And time seemed to say "Forget the world and all its weight" Here I just wanna say

Amazing day Amazing day

Sat on a roof Named every star and Showed me a place Where you can be who you are

And the view The whole Milky Way In your eyes I'm drifting away And in your arms I just wanna sway

Amazing day Amazing day Amazing day Amazing day

And I asked every book Poetry and chime "Can there be breaks In the chaos of times?" Oh, thanks God You must've heard when I prayed Because now I always Want to feel this way
