

# Coldplay, Bigger Stronger

I wanna be bigger, stronger, drive a faster car,  
To take me anywhere in seconds,  
To take me anywhere I wanna go,  
And drive around a faster car,  
I will settle for nothing less,  
I will settle for nothing less.  
I wanna be big and strong and drive a faster car,  
At the touch of a button,  
I can go anywhere I wanna go,  
And drive around my faster car,  
I will settle for nothing less,  
I will settle for nothing less.  
I think I want to change my attitude,  
I think I want to change my attitude,  
I think I want to change my, my atmosphere,  
I wanna be strong.  
I wanna be bigger, stronger, drive a faster car,  
To take me anywhere in seconds,  
To take me anywhere I wanna go,  
And drive around my faster car,  
I will settle for nothing less,  
I will settle for nothing less.  
I think I need to change my attitude,  
I think I want to change my attitude,  
I think I want to change my, my atomosphere,  
I wanna be strong.  
bigger, and better,  
bigger, and better,  
bigger, and better,  
bigger, and better,  
bigger, stronger, drive a faster car,  
At the touch of a button,  
I can go anywhere I wanna go.
