

Coldplay, Daddy

daddy, are you out there?
daddy, won't you come and play?
daddy, do you not care?
is there nothing that you want to say?

I know
you're hurting, too
but I need you, I do!

daddy, if you out there?
daddy all I want to say
you're so far away
oh, you're so far away
that's ok
that's ok
I am ok.

daddy, if you out there?
daddy, why'd you run away?
daddy, are you okay?
look dad, we got the same hair
and daddy, it's my birthday
and all I want to say

it's just you're so far away
oh, you're so far away
that's ok
that's ok
I am ok.

you're so fa away

won't yu come and won't you stay?
please stay
oh, please stay
won't you come and won't you stay!
one day
just one day
