Coldplay feat. Michael Stipe, In the sun

I picture you in the sun wondering what went wrong And falling down on your knees asking for sympathy And being caught in between all you wish for and all you seen And trying to find anything you can feel that you can believe in May gods love be with you Always May gods love be with you I know I would apologize if I could see your eyes cause when you showed me myself I became someone else But I was caught in between all you wish for and all you need I picture you fast asleep A nightmare comes You cant keep awake May gods love be with you Always May gods love be with you cause if I find If I find my own way How much will I find If I find If I find my own way How much will I find You I dont know anymore What its for Im not even sure If there is anyone who is in the sun Will you help me to understand cause I been caught in between all I wish for and all I need Maybe youre not even sure what its for Any more than me May gods love be with you Always May gods love be with you
