

Coldplay, Gravity

Baby,
It's been a long time coming,
Such a long, long time.
And I can't stop running,
Such a long, long time.
Can you hear my heart beating?
Can you hear that sound?
Cause I can't help thinking
And I won't stop now

And then I looked up at the sun and I could see
Oh, the way that gravity pulls on you and me,
And then I looked up at the sky and saw the sun,
And the way that gravity pushes on everyone,
On everyone.

Baby,
When your wheels stop turning
And you feel let down
And it seems like troubles
have come all around
I can hear your heart beating,
I can hear that sound,
but I can't help thinking.
And I won't look now.

And then I looked up at the sun and I could see
Oh, the way that gravity pulls on you and me,
And then I looked up at the sky and saw the sun
And the way that gravity pushes on everyone
On everyone
On everyone
