

# Coldplay, How You See The World

Are you missing something?  
Looking for something?  
Tired of everything?  
Searching and struggling?  
Are you worried about it?  
Do you wanna talk about it?  
Oh you're gonna get it right sometime

There's so much to be scared of  
And not much to make sense of  
Are you running in a circle?  
You can't be too careful  
And you can't relate it  
'Cause it's complicated  
Oh you're gonna get it right sometime  
You're gonna get it right sometime

That's how you see the world  
How many times can you say  
You can't believe what you heard?  
That's how you see the world  
Don't you worry yourself  
You're not gonna get hurt  
Oooooooooooh

Is there something missing?  
Is nobody listening?  
Are you scared of what you don't know?  
Don't wanna end up on your own  
You need conversation  
And information  
Oh you're gonna get it right sometimes  
You just wanna get it right sometimes

That's how you see the world  
How many times have you heard  
But you can't believe a word?  
That's how you see the world  
Oh don't you worry yourself  
'Cause nobody can hurt  
Youooooooooooh  
Ooooooooooooooh  
Ooooooooooooooooooooooooooooooh

That's how you see the world  
That's how you see the world
