

# Coldplay, Humankind

Today I heard the strangest  
I heard the strangest song  
A DJ a star away is  
Playing it to turn us on  
(Ay)  
My heart started glowing  
I feel it inside, it's flowing  
I say I know, I know, I know  
We're only human  
I know, I know, I know  
How we're designed, yeah  
Oh I know, I know, I know  
We're only human  
But from another planet  
Still they call us humankind  
Today I had the strangest  
Feeling that I belong (belong)  
(Ay)  
Before, I was dying  
I feel it inside, now I'm flying  
I say I know, I know, I know  
We're only human  
I know, I know, I know  
How we're designed, yeah  
Oh I know, I know, I know  
We're only human  
But from another planet  
Still they call us humankind  
Before, I was dying  
I feel it inside, now I'm flying  
I know, I know, I know  
We're only human  
I know, I know, I know  
How we're designed  
Oh I know, I know, I know  
We're only human  
But we're capable of kindness  
So they call us humankind
