

# Coldplay, MOON MUSiC - feat. Jon Hopkins

Moon music

Once upon a time, I tried to get myself together  
Be more like the sky and welcome every kind of weather  
Be more eagle-like and find the flight in every feather  
Once upon a time, but I'm still trying to get better

Maybe I'm just crazy  
I should just be a brick in the wall  
Sit and watch the TV  
Blame everyone else for it all  
But I'm trying to trust in the Heavens above  
And I'm trying to trust in a world full of love  
Fire and water  
And constantly dream  
Of the balance of things  
And the music between

If there's anyone out there, I'm close to the end  
If there's anyone out there, I just need a friend
