

# Coldplay, One I Love ( B-Sides)

Could you, could you come back?  
Come back together  
Put yourself on the band  
And see us forever  
Could you, could you come home?  
Come home forever  
Sure there are things in the band  
Keep us together  
Cos you're the one I love  
You're the one I love  
You're the one I love  
Ahhhh, ahhhh.  
Could you, could you come home?  
Could you tell me whatever?  
Tie yourself to a mast  
It's now or it's never  
Could it tear us apart?  
It'll soon be forever  
It's gonna tear us apart  
Keep us together  
You're the one I love  
You're the one I love  
Ahhh ahhh  
You're the one I love  
Yeah yeah you're the one  
Oooooooooooooooooo  
Oooooooooooooooooo  
You're the one I love  
You're the one I love  
You're the one I love
