

# Coldplay, White Shadows

When I was a young boy I tried to listen  
And I wanna feel like that  
Little white shadows blink and miss them  
Part of a system, I am

If you ever feel like something's missing  
Things you'll never understand  
Little white shadows that sparkle and glisten  
Part of a system a plan

All this noise, I'm waking up  
All this space I'm taking up  
All this sound is breaking up  
Oh...

Maybe you'll get what you wanted  
Maybe you'll stumbled upon it  
Everything you ever wanted  
In a permanent state

Maybe you'll know when you see it  
Maybe if you say it, you'll mean it  
And when you find it you'll keep it  
In a permanent state, a permanent state

When I was a young boy I tried to listen  
Don't you wanna feel like that

You're part of the human race  
All of the stars and the outer space  
Part of the system I am I am

All this noise, I'm waking up  
All this space I'm taking up  
I cannot hear, you're breaking up  
Whooaaaaaaa

Maybe you'll get what you wanted  
Maybe you'll stumble upon it  
Everything you ever wanted  
In a permanent state

Maybe you'll know when you see it  
Maybe if you say it, you'll mean it  
And when you find it, you keep it  
In a permanent state, a permanent state

Swim out on a sea of faces  
The tide of the human races  
An answer now is what I need...

See it in a new sun rise and  
See it breaking on your horizon  
Oh, come on love, stay with me...
