

Coldplay x BTS, My Universe

(Chris)

You, you are my universe
And i just want to put you first
You, you are my universe
And I

In the night I lie and look up at you
When the mornig comes I watch you rise
There's a paradise that couldn't capture
That bright Infinity inside your eyes

(JK)

Every night I fly to you forgetting
That it's just a dream
I met you with a smile

(Chris & JK)

Never ending forever baby

(Chris)

You, you are my universe
And i just want to put you first
You, you are my universe
And you make my world light up inside

(V)

The darkness was more comfortable to me
In the shadow that's gotten longer

(RM)

And they said that we can't be together
Because...

(RM & Jimin)

Because we come from different side

(Chris)

You, you are my universe
And i just want to put you first
You, you are my universe
And you make my world light up inside

(Chris & BTS)

My universe (do, do, do, do) x 3
You make my world light up inside

(Jin)

Make my world light up inside

(J-Hope)

A star embroidered with love
That lights me up
You in my universe
You make me a different world

(Suga)

You are my star and my universe
Even this trial now is only temporary
You will always shine bright like now
We will
Follow you and embroider this long night

(JK)

I fly with you

When I'm without you I'm crazy
Come on, take my hand

(Chris & JK)
We are made of each other, baby

(Chris)
You, you are my universe
And i just want to put you first
You, you are my universe
And you make my world light up inside

(Chris & BTS)
My universe (do, do, do, do) x 3

(Chris)
You, you are my universe
And I...
