

# Coldplay x Selena Gomez, Let Somebody Go

We had a kind of love  
i thought that it would never end  
all my lover  
all my other  
all my friend  
we talked around the circle  
you talked around and than  
I love you to the moon and back again

you gave everything this golden glow  
now turn off all the stars  
cause this i know  
that it hurts like so  
to let somebody go

All the storms we aeatheresd  
Everything that we went through  
Now without you  
Whan on Earth am i to do?  
When you call the mathematicians

And ask them to explain  
They say love is only equal to the pain

And when everything was going wrong  
You could turn my sorrow into song  
It hurts like so  
To let somebody go  
To let somebody go

When you love somebody /2x  
Go to let somebody know  
/2x

So When you love somebody  
When you love somebody  
Then it hurts like so  
To let somebody go  
it hurts like so  
To let somebody go

But you're still with me now  
I know  
To let somebody go  
But you're still with me now
