

# Colin Hay Band, Waiting For My Real Life To Begin

Any minute now, my ship is coming in  
I'll keep checking the horizon  
I'll stand on the bow, feel the waves come crashing  
Come crashing down, down, down, on me

And you say, be still my love  
Open up your heart  
Let the light shine in  
But don't you understand  
I already have a plan  
I'm waiting for my real life to begin

When I awoke today, suddenly nothing happened  
But in my dreams, I slew the dragon  
And down this beaten path, and up this cobbled lane  
I'm walking in my old footsteps, once again  
And you say, just be here now  
Forget about the past, your mask is wearing thin  
Let me throw one more dice  
I know that I can win  
I'm waiting for my real life to begin

Any minute now, my ship is coming in  
I'll keep checking the horizon  
And I'll check my machine, there's sure to be that call  
It's gonna happen soon, soon, soon  
It's just that times are lean

And you say, be still my love  
Open up your heart, let the light shine in  
Don't you understand  
I already have a plan  
I'm waiting for my real life to begin
