

Colin James, Get To The Bottom

Feelin that old story every time we kiss,
I taste somethin' strange you're leavin on my lips,
Now we're gonna hit the bottom when you tell me what it is,
I recommend that you trust me and take a risk.

We're gonna dig right down and get to the bottom of this,
Get to the bottom of this,
Get to the bottom of this.

I'm hangin out to dry, waitin for the word,
I'm trynna make a lick of sense of anything I've heard,
I'll believe it when you tell me, baby, then I can be sure,
(Alright) Before we lose each other by not sayin what it is,

We'd better dive right in and get to the bottom of this
Get to the bottom of this,
Get to the bottom of this.

(Yeah yeah yeah yeah)
Get to the bottom of this.

Get to the bottom of this,
Get to the bottom of this,

Tell me, tell me now and help me get to the bottom of this
Get to the bottom of this,
Get to the bottom of this.

Dig right down, and get to the bottom of this.
Yeah, yeah, dig right down.
