

Colin James, I'm Lost Without You

You've been gone so long
So I wrote this song
Oh so you can hear me
Cause it's been so long
Since you were near me
What' you want me to do
I've been lost without you

What did I do wrong
Oh to cause you to leave me
Since you've been gone
Done nothing but grieve me
What' you want me to do
I've been love without you

I don't care what' you been doing
Just come back home
Darlin' your leaven my life to ruin
I'm so all alone

Well I cried all night
Oh just thinkin' about you
Well you know it ain't right
I can't live without you
What did I do wrong
I've been lost without you

I don't care what' you been doing
Just come back home
Darlin' your leaven my life to ruin
I'm so all alone

Well I cried all night
Oh just thinkin' about you
Well you know it ain't right
I can't live without you
What did I do wrong
I've been lost without you
I've been lost without you
I've been lost without you
I've been lost without you
