

# Colin James, Just Came Back

Well I got stones in the passway  
And my room seems dark at night  
I got stones in the passway  
And my room seems dark at night  
I got pains in my heart  
And they've taken my appetite

When I first saw you I heard the angels sing  
I thought of Adam and Eve and that love thing  
Oh, I was blinded by the light and I just couldn't see  
Papa hidin' up in your apple tree  
I really hope you're satisfied  
I just came back to say goodbye.

Girl I found your little black book  
You know I opened it up to get a second look  
(I had to get a second, second)  
I saw my best friend's name there on the page  
5 gold stars beside his name

I really hope you're satisfied  
I just came back to say goodbye

I just came back to say goodbye  
(I just came back) Goodbye baby  
I just came back to say goodbye  
(I just came back) Goodbye baby

I felt real bad thought I'd give you a call  
I didn't look up your number I just looked on the wall  
You know your best friend said you'd gone for the night  
Goin' downtown with your jeans on tight  
I really hope you're satisfied  
I just came back to say goodbye

I just came back to say goodbye  
(I just came back) Goodbye baby  
I just came back to say goodbye  
(I just came back) Goodbye baby
