Colin James, No Buts, No Maybes

[Professor Longhair]

Baby no buts and no maybes
Baby you've been driving me crazy
What did I do to you

Honey, I ain't got no more money
Lately you been acting funny
What did I do to you

Everytime we go out
This is all you talk about
Things you say and things you do
What is that calling me to do

Baby no buts and no maybes
Lately you've been driving me crazy
What have I done to you

Honey, I ain't got no more money
Lately you been acting funny
I can't do a thing with you

Everytime we go out
This is all you talk about
Things you say and things you do
What is that calling me to do

Oh baby, oh baby
What did i do to you
What did i do to you
