

Collective Soul, In A Moment

Collective Soul - In A Moment

The walls came up as the thoughts went down
To the hush of disparity
Sure we know the problem lies
With some insecurities
But we'll never see eye to eye
As long as our tongues are tied
And we'll never be seen as one
Until we find love

In a moment it could happen
We could wake up and be laughing
In a moment it could happen
We could forgive and be happy

It's a shame our world responds to life
As a puzzle in disguise
I wish our course would lead us towards
The peace and loving kind
But we'll never walk hand in hand
Until we let old wounds mend
And we'll never sing songs as one
Until we find love

In a moment some wisdom could be learned
In a moment new voices could be heard
In a moment we could make heads turn
In a moment we could change
