

Collective Soul, Now You've Got Me Drinkin'

Now you've got me drinkin'
Don't let me drink alone.
Now my heart is achin'
Don't let it turn to stone.
Now my world is changin'
And I don't know where to go.
Now you've got me drinkin'
Don't let me drink alone.

I got a photograph of how life used to be.
So sit right here now girl and have a shot of sympathy.

Now you've got me drinkin'
Don't let me drink alone.
Now my heart is achin'
Don't let it turn to stone.
Now my world is changin'
And I don't know where to go.
Now you've got me drinkin'
Don't let me drink alone.

I got a photograph of how life used to be.
So sit right here now girl and have a shot of sympathy.

Now you've got me drinkin'
Don't let me drink alone.
Now my heart is achin'
Don't let it turn to stone.
Now my world is changin'
And I don't know where to go.
Now you've got me drinkin'
Don't let me drink alone.

Now you've got me drinkin'
Don't let me drink alone.
