

Collide, Deep

Love in our hearts twist and turn i get caught in a cocoon
the flowers bloom and wither
hearts that beat i shiver

i go deep
i go deep

translucent skin i'd look right through
into your mind i'd be consumed

two hearts that beat and beat as one and beat as one

i swim i go deep
i swim i swim i shiver

i go deep i go deep i get caught
i go deep i go deep i swim
i go deep i swim i go deep
