Collide, Deep

Love in our hearts twist and turn i get caught in a cocoon the flowers bloom and wither hearts that beat i shiver

i go deep i go deep

translucent skin i'd look right through into your mind i'd be consumed

two hearts that beat and beat as one and beat as one

i swim i go deep i swim i swim i shiver

i go deep i go deep i get caught i go deep i go deep i swim i go deep i swim i go deep
