

# Collide, Euphoria

i calibrate you  
could get lost  
along the way  
i confiscate you  
while i find the meaning  
i feel i could not escape you  
i feel i could not escape you  
euphoria  
close to euphoria  
i could get lost  
variations  
come closing in  
evaporating  
what i am  
like a pin that pricks you  
and perforates you further  
your simulations  
could get lost along the way  
i could get lost  
variations  
come closing in  
evaporating what i am  
feel some kind of strange  
open the doorway  
love will find you  
would you wait forever  
love will find you  
would you wait forever  
variations  
come closing in  
evaporating  
what i am  
feel some kind of strange
