

Collide, Euphoria

i calibrate you
could get lost
along the way
i confiscate you
while i find the meaning
i feel i could not escape you
i feel i could not escape you
euphoria
close to euphoria
i could get lost
variations
come closing in
evaporating
what i am
like a pin that pricks you
and perforates you further
your simulations
could get lost along the way
i could get lost
variations
come closing in
evaporating what i am
feel some kind of strange
open the doorway
love will find you
would you wait forever
love will find you
would you wait forever
variations
come closing in
evaporating
what i am
feel some kind of strange
