Loving This Way (Collin Raye & Bobbie Eakes)

Lyrics for Album: Tracks

I'm tired of watching me hurt you  
I'm tired of being the teardrops on your face  
I'm tired of loving this way  
I'm tired of loving this way  
I know your every weakness  
I can find one in everything you say  
I'm tired of loving this way  
I'm tired of loving this way

I'm not what you really need  
I'm not the one in your dreams  
I can see it in your eyes  
This ain't the way it should feel  
I don't know how we got here  
Love's no longer blind  
If that's just how it is  
Can we go on like this  
Oh, baby what do you say  
I'm tired of loving this way  
I'm tired of loving this way

I'll set your heart free  
And if you're mine  
You'll come flying back some day  
But I'm tired of loving this way  
I'm tired of loving this way  
Well I'm taking you with me  
Like a room in my heart  
You will have your place  
I'm tired of loving this way  
I'm tired of loving this way

I'm not what you really need  
I'm not the one in your dreams  
I can see it in your eyes  
This ain't the way it should feel  
I don't know how we got here  
Love's no longer blind  
If that's just how it is  
Can we go on like this  
Oh, baby what do you say  
I'm tired of loving this way  
I'm tired of loving this way
