

Colonial Cousins, Indian Rain

Rain Clouds in the sky, (I) Don't know why
They make me blue, when I'm thinking of you
Maybe they want to cry, As I walk on by
Hiding my tears, in a world of good byes
{Dhenthha Dhenthha Dhena na Dhena ///
Dhenthha Dhena na.....na ne na }
Love during summer rain, Causes no pain
Cause I'm looking back, at you once again
Memories crowding my mind, You're one of a kind
Life with out love, I'm helpless I'm dying
{Dhenthha Dhenthha Dhena na Dhena ///
Dhenthha Dhena na.....na ne na }
Rain drops and dance, strange kind of romance
I don't know why (whether) to cry out loud, But I'm feeling fine
Watch the rhythm of the rain falling down
{Dhenthha Dhenthha Dhena na Dhena ///
falling down //.....}

Rain falling around, Its just the sound
I like to here, when my hearts feeling down
{Ah.....}
Try to smile once again, As they slash in my window pain
I quiet like that, I don't mind
I've got no complaint
