

# Colony 5, Big Brothel

Those inexpressive faces  
Displaying useless minds  
Idiots with a tan  
And a one-year lifespan

I flip through the channels  
I flip through different ways  
Of humiliation  
Different freaks every week

And for us this seems  
Remarkable and sad  
That folk need  
To be stupid, to be bad  
To gain fame  
A fake respect  
A revolting reputation  
Is the key to the media nation

A famine in North Africa  
Genocide in South America  
Revolution in East Asia  
Suppression in Malaysia

Peace process in Palestine  
It's a battle of wits  
There's no place in the headlines  
'Cos BB blonde got new tits
