

# Colony 5, Get Off My Back

Everything was good, everything was fine  
We walked along that yellow line  
towards our future and our unity  
in the midst of life and scholarly

Our eyes filled with stories we'd never tell  
although we stumbled we never fell  
we saw the world as something that smelled  
we had our own version of hell

You should see my life today  
It's never sunny it's always grey  
and though I have my own way  
to wish all the sadness away

Get off my back  
Get off my back  
Get off my back  
Get off my back

Then you become infatuated  
with a crashing bore I've always hated  
I can't believe how my world degraded  
feels like I've been suffocated

You should see my life today  
It's never sunny it's always grey  
and though I have my own way  
to wish all the sadness away

Get off my back  
Get off my back  
Get off my back  
Get off my back

You should see my life today  
It's never sunny it's always grey  
and though I have my own way  
to wish all the sadness away

You should see my life today  
It's never sunny it's always grey  
and though I have my own way  
to wish all the sadness away

Get off my back  
Get off my back  
Get off my back  
Get off my back

Get off my back  
Get off my back  
Get off my back  
Get off my back  
Get off my back
